SUMMARY

Frontend developer and IT specialist at the Ministry of the Interior (Province of Taourirt). I build modern, responsive websites and web applications with React, TypeScript and Next.js, from the first design to the final deployment. I care about clean, maintainable code and interfaces that are simple to use. Open to freelance projects and full-time roles.

EXPERIENCE

IT Specialist (Agent d'autorité – Informaticien) — Ministry of the Interior

Apr 2025 — Present

Province of Taourirt, Morocco

- IT support and management of the provincial administration's computer systems
